04/2012 - 04/2014   *Azamgarh, U.P.*

WORK EXPERIENCE

Sales Coordinator
Multi-level Marketing
2018 - 2020
I worked part time to improve my interpersonal and management skill. I also earned money that helps me to become parent independent.
Achievements/Tasks
- Team leader of 80 members.

CURRICULUM ACTIVITIES

ISTE Students' Chapter
Volunteered around a number of events and workshops as being part of ISTE Students' Chapter in the college.

Organizing Member of TEDx event
Participated as an organizing member of TEDx event held in MITS college.

Control computer with hand gestures
We have implemented a simple Arduino based hand gesture control where you can control few functions of your web browser like switching between tabs, scrolling up and down in web pages, shift between tasks (applications), play or pause a video and increase or decrease the volume (in VLC Player) with the help of hand gestures.

PERSONAL PROJECTS

Newsletter Signup app
- GitHub link :- https://github.com/aryanmaurya314/Newsletter-Signup.git
- This app uses express server to run. It collects user data such as name and email and stores it in mailchimp with the help of mailchimp APIs.

URL Shortener
- GitHub link :- https://github.com/aryanmaurya314/URL-Shortener.git
- This app uses express server to run and mongoDB database to store shortened link. It shrinks any large url link to 9 alphanumeric characters. It also stores and shows full link short link and number of clicks of provided link.

Snake Game
- I have developed a snake game using HTML, CSS and javascript. I have added music and a score meter to give a better experience.
- Demo link :-https://aryanmaurya314.github.io/Snake-Game.github.io/
- GitHub Link :- https://github.com/aryanmaurya314/Snake-Game.github.io.git
